Aspen Elements™ Options

A collection of high-definition, digitally printed woodtone styles that embody the elemental allure of nature, blending rich grains and authentic textures to capture the essence of natural wood. Utilizing modern technology, these designs harmonize tradition with innovation, making a bold statement of style and refinement.

Dual Aspen Elements™

Plank Aspen Elements™

Optional Post Paint Finish*

Raynor's ColorWave™ features Sherwin-Williams® next

generation post paint system for your garage door. With 1,500 colors to choose from, home and business owners can couple this elite paint system with state of the art Raynor manufacturing to craft the perfect look for their home or project.

* Not all colors are available in solar reflective paint, colors that are not available as solar reflective cannot be used on polyurethane doors.

Charcoal, Iron Ore and Black colored steel doors come standard with a Cool Chemistry™ paint finish to protect from extreme heat. For environments where extreme heat and sunlight exposures are constant, black and charcoal colors are not recommended. Charcoal features the high performance PVDF coating (TRINAR® or equivalent). Woodtones available on select panel types. The swatches shown on monitors and printed materials may vary from the actual color. For a true representation of the color, visit your local Raynor Dealer.

Pick your **WINDOW**

All options available as one or two car configuration.

AP200N Contemptra™

The Aspen Contemptra model is built on the 2" Aspen base and provides clean, sleek lines for the ultimate contemporary look. A low profile, and narrow frame design, make a statement while still letting natural light into the garage without sacrificing privacy.

Product Benefits Exclusive to Raynor

WeatherLock™

Raynor's thermally efficient WeatherLock system is designed for the harshest climates. Our proprietary

WeatherLock™ section joint has continuous thermal break and air seal between steel sections. This modified tongue-in-groove joint provides exceptional strength, while effectively locking out both air and water infiltration into the garage's interior.

TruBalance™

Doors equipped with our patent pending TruBalance drum system are 87% easier to operate manually and

provide you with a peace of mind knowing you can safely and easily manually operate your garage door in emergency situations. This counter balance system comes standard on doors up to 8' high with oversized windows in the top section.

Authorized Dealer Network

When you select Raynor, you're not just getting a superior garage door, you're also getting professional

garage door installation and service expertise. Trust your Raynor garage door to someone who knows it better than anyone else, your professional Raynor Dealer.

NeuFoam™

State of the art high-density NeuFoam™ polyurethane insulation delivers maximum structural integrity and

door strength. Combine our state of the art insulation material with our proprietary WeatherLock™ section joint design and you get the industry's most energy efficient door.

Design Center

See what a new door can do to enhance the look of your home in real time on Raynor's Garage Door Design

Center. Select from our residential garage door models and customize your design on an uploaded image of your home or a stock photo. Visit www.designcenter.raynor.com to start designing today!

Limited Lifetime Warranty

Dedicated to customer satisfaction, Raynor doors carry a "For as Long as You Own your Home" limited

section warranty against rust. Upgrade your hardware and spring components to the EnduraCote™ options which warrants all hardware and spring components against defects in material and workmanship for as long as your own your home.

Garage Door Openers & Smart Accessories

Raynor offers a full line of residential openers, featuring a variety of horsepower and configuration options. All of our operators feature myQ™ technology, a patented, two-way communication system that allows users to open and close the garage door and manage other household devices from anywhere in the world via a Smart Phone. Ask your authorized Raynor dealer about our residential openers, and select the ideal Raynor opener for your home.

Raynor also offers a full range of smart accessories to enhance the safety and security of your home and garage! From smart cameras that easily mount to your existing opener, to smart door locks for your main entrance, Raynor's got you covered! With Raynor Smart Accessories you will have peace of mind from anywhere, knowing the entrances to your home are secured!

myQ Video Keypad

The myQ Video Keypad allows homeowners to monitor and control access to who is coming and going from their home in the myQ® App anywhere, anytime!

Smart Keypad Lever

The Smart Keypad Lever brings keyless entry to doors with no deadbolt, allowing you to lock, unlock and view door activity in the myQ® App anywhere, anytime!

Smart Touchscreen Deadbolt

The Smart Touchscreen Deadbolt replaces your existing deadbolt with a slim, key-free deadbolt with a touchscreen keypad, allowing you to lock, unlock and view door activity in the myQ® App anywhere, anytime!

Commercial AP200C • Colonial • Sandstone

Commercial Aspen

A perfect commercial-sized companion for the residential Aspen doors, this sectional raised and recessed panel commercial door will brighten up the appearance of any building, inside and out. Available in a wide range of sizes and colors, the Commercial Aspen models are your best choice for an oversized, classic residential appearance.

DASMA TPV Program

The DASMA Thermal Performance Verification (TPV) Program is a voluntary program to certify and verify the thermal performance ratings of sectional door products using third-party testing and inspection. The U-Factor on this model is verified through the DASMA TPV Program.
